

Find out about our vision for the future of Telford and Wrekin

"An idea of what the new Wellington Civic Quarter could look like"

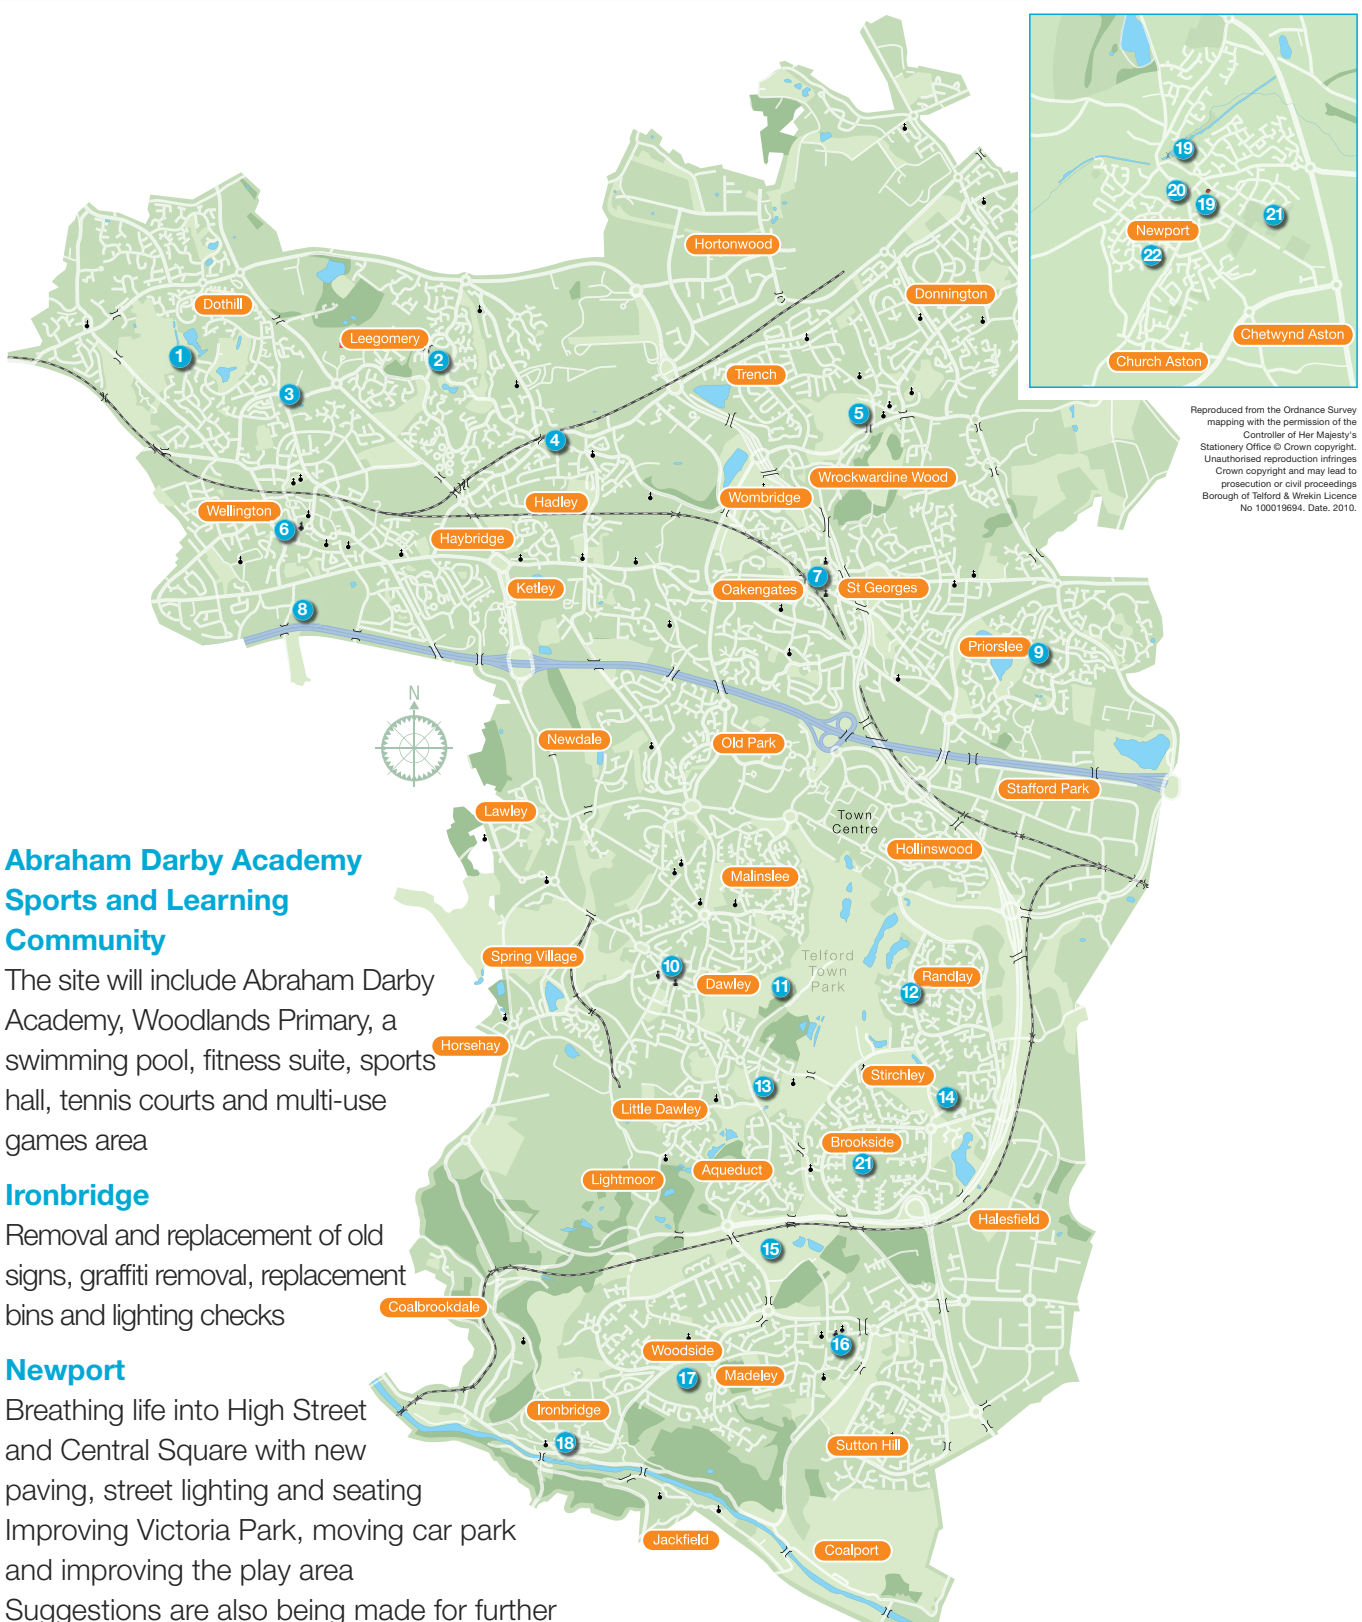

"The new Abraham Darby Sports and Learning Community"

The Borough Towns Initiative is our vision to make big improvements to historical towns across Telford and Wrekin. We want to breathe life into smaller key areas, making them places that you and your family want to visit more often.

The map opposite shows the areas that will be improved under our new initiative. Secondary schools will also be changing to become Sports and Learning Communities (SLCs) which will bring together schools, children's centres, health, sports, arts and leisure facilities, all on the same site for the benefit of the whole community.
